GENERAL RULES AND REGULATIONS.

Intending Exhibitors and Visitors are particularly requested to read carefully and consider the following Rules and Regulations governing the Exhibition, which will be in all cases strictly enforced.

ADMISSION TO THE GROUNDS.

The price of admission will be—adults, 25 cents; children, 10 cents; each time of entering, and each person must be provided with a proper ticket before entering.

Tickets will be on sale at different places throughout the city, and also at the ticket boxes on either side of main building.

Necessary attendants upon Stock and Machinery will be furnished with special passes.

Not more than one attendant's ticket will be issued to any exhibitor, except in the case of Live Stock and Machinery, which may require extra attendants. As these tickets are positively not transferable under any circumstances, exhibitors who may desire to change their attendant must have their ticket exchanged at the Secretary's office.

Judges and members of the Press will be furnished with badges.

The entry tickets upon animals or articles will admit the person bringing them to the Show Grounds for exhibition along with such animals or articles without the use of any other ticket. Afterwards such persons must be provided with proper passes as above.

ENTRIES.

All entries must be made on the printed forms accompanying the Prize List. These forms are to be filled up and signed by the exhibitors and sent to the Secretary at Halifax on or before the following date, viz :—For Live Stock, Poultry, Dogs, Dairy Produce, Ladies' Work, Fine Arts, and all classes of manufacture, before

SATURDAY, THE 25TH AUGUST.

Grain, Field Roots, Fruits, and Horticultural Products, before

SATURDAY, THE 15TH SEPTEMBER.

Exhibitors will please take notice that it is absolutely necessary that the entries be made on or before the dates above mentioned in order to give sufficient time for examining entry papers, forwarding entry tickets, and corresponding for the correction of errors and omissions. No exception will be made to this rule on any consideration whatever.

In the Horse, Cattle, Sheep, Swine, and Dog Classes, the entry must be made in the name of the *bona fide* owner for three months previous. Unless this rule is observed no Premium will be awarded, or if awarded, will be withheld. (See Special in regard to Horses, etc.)

In all other classes entries must be made in the names of the producers or manufacturers only, and by such producers themselves in person, or their agents, who must have special authority for doing so, and who shall produce their written authority if so required by the Judge. If any person other than the authorized agent shall enter an article for competition as produced and manufactured by himself, when it has not really been so, he shall forfeit any premiums which may be awarded the article.

A merchant who sells a line of goods which are handled by other merchants shall not be considered an agent for such goods.

No person will be allowed to enter for exhibition more than one specimen in any one section of a class unless the additional article be of a distinct named variety or pattern from the first. The rule shall not apply to animals, but to all kinds of Grains, Plants, Roots, Vegetables, Fruit, manufactured articles, &c., &c., in which each additional specimen would be similar to the first.

EXTRA ENTRIES.—Every article must be entered under some of the headings in the regular list when possible; but if any article is of a distinct character from anything specified in the list, it may be entered in the class with which it most nearly corresponds.

On the entry of each animal or article a card will be furnished the exhibitor specifying the name, class, section, and exhibitor's number. This card must be attached to the animal or article, and remain so during the Exhibition.

In all cases the right is reserved to reject entirely or accept conditionally any entry or application. Under no circumstances will articles which are offensive by reason of their odour or appearance, or which are dangerous by reason of their combustible or explosive character be admitted. If any such articles be introduced by an exhibitor through misapprehension or otherwise, they may be removed by order of the Commissioners.

SPACE.

There are no charges for space. Application for space for the exhibit of all classes of manufactures should be made to the Secretary as early as possible. Space will be allotted according to the order in which applications are received by a Committee of three, to be appointed by the executive.

PREPARATORY WORK.

On and after Monday, 10th September, exhibitors, their agents and workmen, will be admitted to the buildings and grounds from 7 a. m. till 6 p. m. daily for the purpose of making preparatory structures, or getting machinery and implements into position.

Fine Arts, Ladies' and Children's work, must be delivered not later than noon on Monday, the 24th of September, in order that they may be properly classified and arranged previous to the opening.

All other articles, implements, machinery, stoves, manufactures of all kinds, etc., must be placed in position by 8 p.m. Saturday, the 22nd of September.

As it is intended to have the Exhibition fully open to the public at the time named, exhibitors are specially notified that articles or animals arriving after the above dates will be excluded from competing.

Exhibitors of Machinery and other heavy articles are expected to have them on the grounds and placed in position the week preceding the Exhibition.

All boxes, wrappings, and other packing materials must be cleared away and everything in proper order by 8 p.m. on Monday, the 24th of September.

Exhibitors must provide for the delivery of their exhibits upon the Exhibition grounds. The Commissioners cannot in any case make provision for their transportation or be subjected to any expense either in their delivery or return from the grounds. All expenses connected therewith must be defrayed by the owners.

Exhibitors of horses, cattle, and other live stock arriving with their exhibits, will make application at the office at the North Gate of the Exhibition Grounds.

Other exhibitors on arriving with their exhibits will apply at the office of the Secretary, when they will be informed where the articles are to be placed.

Exhibitors will at all times give the necessary personal attention to whatever they have on exhibition, and at the close take entire charge of the same.

Articles placed on exhibition must not be removed until the close, without the permission of the Commissioners, except in Fruit, Vegetable and Floral sections, where such removal is necessary to a continuous display.

Every facility will be afforded for the transaction of business by taking orders, but no delivery of articles sold may be made on the premises during the Exhibition except by special arrangement with the Commissioners.

Though the Commissioners will take all reasonable precautions to ensure the safety of articles sent for exhibition, yet it is to be distinctly understood that the owners themselves must take the risk of exhibiting them; and that should any article be accidentally injured, lost, or stolen, the Commissioners will give all the assistance in their power towards the recovery of the same, but WILL NOT MAKE ANY PAYMENT for the value thereof.

At the close of the Exhibition, exhibitors must take charge of their exhibits, and remove the same as early as possible. Any articles or fixtures left in the buildings or grounds will be at the risk of their owners.

LIVE STOCK.

Good buildings are provided for all kinds of Live Stock, and a plentiful supply of water will be furnished free. Hay, straw, grain, and all kinds of feed will be for sale on the grounds at lowest prices. Exhibitors are requested to report at once if unreasonable prices are exacted.

The production of any of the animals in the Horse Ring may be ordered by either the Committee on Live Stock or the Commissioners for review or other purposes at any time during the Exhibition; and any exhibitor or attendant refusing to bring such animal into the ring when so required, all premiums which may have been awarded to the owner of such animal shall be forfeited.

PROCESSES OF MANUFACTURE.

A portion of the ground is fitted up with shafting and power specially for the exhibition of processes of manufacture. The Commissioners hope that manufacturers who are in a position to assist in this feature of the Exhibition will send some of the machines used by them in the manufacture of their products, for it is certain they will be amply repaid for their trouble by the benefits they must receive from such a public advertisement.

MEDALS.

Medals will be awarded to meritorious exhibits in the different classes, subject to the approval of the Commissioners. Exhibitors may also receive medals in lieu of money prizes should they prefer to do so.

RAILWAYS, STEAMBOATS, &c.

Favorable arrangements have been made with all the Railway and Steamboat Managers for the conveyance of passengers and exhibits to and from the Exhibition at greatly reduced rates, and for special excursions.

Live Stock and all other exhibits sent as freight will be returned free on the freight being paid one way—that is to Halifax.

PAYMENT OF PRIZES.

The Secretary will be prepared to commence giving orders upon the Treasurer for the payment of premiums on Friday morning, the 28th of September, at his office. These orders must be endorsed, as they will be payable to order (not to bearer), and on presentation to the Treasurer, properly endorsed, will be paid.

Parties having prizes awarded to them, are particularly requested to apply for them before leaving Halifax, or leave a written order with some person to receive them, stating the articles for which prizes are claimed, and the amount of same.

All persons to whom a prize has been awarded, and who did not receive the same as above, must apply to the Secretary for payment thereof in writing, before the 30th November of this year, otherwise such prize will be forfeited.

JUDGES AND JUDGING.

The Judges will be appointed by the Commissioners previous to the Exhibition, and will receive a circular informing them of the fact, and when to report at the office of the Secretary.

No person will be allowed to act as Judge who is in any way interested in the animals or articles to be examined.

It is particularly requested that Judges will not enter into arguments with exhibitors as to the merits of their exhibits, and on no account are they to give reasons for their awards.

It is desired that all the Judges of each class go together to hand in their report, instead of sending it by one of their number, and to remain together until their book has been examined by the Secretary, in order that errors or doubts may more promptly and easily be made right.

Judges will please sign and hand their awards to the Secretary as soon as possible, and make any more extended reports they desire to make afterwards.

The Judges are particularly requested not to leave the grounds until they ascertain from the Secretary whether there are any protests against the awards in the classes they have judged.

In the absence of competition in any section, or if the stock or articles exhibited are of inferior quality, the Judges will award only such premiums as they think the animal or article deserves. They will exercise their discretion as to awarding first, second, or any premium.

It does not follow because a prize is offered for any particular animal or article, that it must be awarded unless there is proper competition, or unless the exhibit is really of sufficient merit to warrant the award being made. Judges are particularly requested to note this fact.

In addition to the stated premiums offered, the Judges may also distinguish such animals or articles as they consider deserving of notice, but which have not received prizes, by tickets with the words "HIGHLY COMMENDED" upon them. These tickets will not entitle the holder to any money payment.

No award of a money prize not offered in the list will be paid.

Each award must be written in a plain and careful manner opposite the number of the entry by the Judges, in the book handed them by the Secretary.

Exhibitors can ascertain from the Commissioner in charge of the several departments when the Judges will examine their exhibits. No complaint based upon the statement that Judges overlooked animals or articles, will therefore be entertained by the Commissioners.

Any exhibitor lodging a protest must make it in writing, and deliver it to the Secretary within three hours after cause of protest. It must state plainly the cause of complaint or appeal, and must be accompanied by a deposit of \$1, which sum shall be forfeited if said protest is not sustained.

The Commissioners, however, earnestly hope exhibitors will not enter protests without the strongest grounds. Protests of a frivolous nature cause much annoyance and unpleasantness.

No animal or article exhibited shall have about it any price, colors, or cards, until the awards have been made in their respective classes.

No person will be allowed in the Horse Ring during the time Horses and Cattle are being judged, except Judges, Commissioners, Members of the Press, Grooms, or persons in charge of animals being judged.

All prize cards affixed by the Judges must be displayed during the Exhibition. Any infraction of this rule will incur forfeiture of premiums awarded.

Any person who shall attempt to interfere with or influence the Judges while in the discharge of their duty, or who shall at any time on the Exhibition grounds, use any contemptuous or abusive language to any Judge in consequence of any award made by him, shall forfeit his right to all premiums which have been awarded to him. Judges are particularly requested to immediately report any breach of this rule.

Upon discovery of any fraud, deception, dishonest practice or mis-representation in the preparation or ownership of an animal or article exhibited, which may have affected or may have been intended to affect the decision of the Judges, the Commissioners have power to withhold all prizes awarded, and may also publish names of such persons should they see fit.

XX and XXX Ales and Extra Stout.

MISCELLANEOUS.

If through ignorance of the regulations any person shall bring things to the Exhibition without having entered the same in proper manner at the proper time, they may, in the discretion of the Commissioners, be allowed to place the same upon the grounds so as to be seen by the public. They shall not, however, be classified or examined by the Judges, and no premium shall be awarded.

When space has been allotted to any exhibitor, the Commissioners reserve the right in case such exhibitor fails to make a creditable display, to declare the space so allotted, or any portion thereof, forfeited.

Exhibitors must arrange their exhibits in as neat and attractive a manner as possible, and fit up the space allotted them in a proper manner, in default of which the Commissioners may cancel their entries.

The Commissioners reserve the right to prescribe the dimensions and regulate the position of all signs, and generally to direct the management of articles on exhibition, so far as may be necessary to secure harmony and an attractive appearance.

Exhibitors will not be allowed to distribute about the grounds or buildings hand-bills or other advertisements that may cause a nuisance. Neat cards for this purpose are recommended, as they are more likely to be kept by visitors and not thrown upon the ground.

FIRE AND POLICE PROTECTION.

The most thorough arrangements possible have been made to guard against fire. The grounds are connected by telephone with the different Fire Halls, and with the precaution taken, it is believed the danger of fire is very remote. Exhibitors desiring insurance must give the matter their personal attention.

An ample police force will be on duty day and night. Exhibitors are however expected to exercise constant supervision over their articles on exhibition, because the Commissioners will not be responsible for loss or damage by theft, fire, or any other cause.

Small and valuable articles should be exhibited in show cases which can be securely locked.

INQUIRIES.

All information concerning the Exhibition and its arrangements may be obtained by addressing the Secretary at Halifax. During the Exhibition enquiries may be made on the premises, of the Commissioners, their officers and servants, who, when applied to, will either supply the information sought, or refer the questioner to the proper officer.

PRESS.

The PRESS ROOM is situated opposite the Secretary's office in the main building, and will be under the supervision of a Committee.

Members of the Press are cordially invited to the Exhibition. Ample accommodation will be provided, and all necessary information promptly supplied.

Editors are requested to notify the Secretary, two or three weeks previous to the Exhibition, of the names of representatives they will have on duty, in order that tickets may be forwarded.

TELEGRAPH AND POST OFFICE.

The Telegraph Companies have offices upon the grounds, and there is a Post Office at which mails will be received and despatched daily. The buildings are also connected by telephone with the City of Halifax and other principal towns throughout the Province of Nova Scotia.

VISITORS.

Visitors may feel assured of finding on the grounds everything necessary to the convenience and comfort of all during the entire day. An ample restaurant, managed by an experienced caterer—under the supervision of the Commissioners as to prices and quality of food—will serve meals and refreshments, during the hours the Exhibition will be open, at reasonable rates. The hotels of the city, ample for any occasion, will adhere to their regular rates, and the citizens will co-operate with the Commissioners in every practicable manner in contributing to the pleasure of visitors.

HOW TO REACH THE GROUNDS.

The grounds are situated in a central position beside the Public Gardens on the line of Street Railway. Passengers from Railroad Depot, and also from principal parts of the city, can reach the grounds by Street Car every seven minutes; fare, five cents.

The licensed hackney carriages of the city are handsome and comfortable vehicles, while the tariff is extremely reasonable.

The following are the

Special rules governing the exhibit of horses in the horse ring will be issued at the time of the Exhibition, and all exhibitors will be required to conform to the same.

The age of horses will be calculated to the first of January, 1894.

Stalls will be allotted by the Committee before arrival of horses.

All stall doors must be left open so that visitors can inspect the horses between the hours of 9 a. m. and 6 p. m. All stalls must be cleaned out before 7 a. m., so that refuse can be cleared away before arrival of visitors.

In making entries, the owner's name and address in full, the *name of animal* (if named) and the age must be given.

bred unless they possess regular Stud Book pedigrees, or satisfactory evidence be produced that they are directly descended from registered stock.

No horse will be allowed to compete in more than one class or section.

No horse will be allowed a premium unless sound, except in the case of stallions and brood mares injured by accidents which do not lessen their usefulness.

Horses must be shown uncovered, and in such manner as the Judges may require or allow; and if exhibitors refuse to submit to the proper requirements of the Judges, their animals will be ruled out, but exhibitors will have the privilege of showing their horses in harness, bridle, or under saddle, as they may prefer.

All horses competing for prizes in this department must be brought out for inspection of the Judges, or for exhibition, whenever called upon by the official appointed for that duty.

Non-compliance with any of these rules, or the general rules of the Commissioners, on the part of any exhibitor or his employee, shall incur the forfeiture of any premium awarded.

Exhibitors who may desire to take their horses home at night will be allowed to do so on depositing \$1 with Secretary as a guarantee for the return of the animal the next morning. The amount deposited will be forfeited to the Commissioners if the horse is not returned by 9 a. m. next day.

All horses competing for prizes must be on the grounds by 8 a. m. on 25th September. Entries close August the 25th.

Crayon, Oil and Pastel Portraits,

C. JENSEN & CO'S Studio, 29 Jacob St, HALIFAX, N. S.

Read the following, taken from the "Atlantic Weekly," March 10th, 1894.

Mr. J. F. Anderson kindly showed a reporter of the "Atlantic Weekly" a painting in oil of his little son Ray who lost his life last summer under such sad circumstances. The portrait shows him leaning carelessly against a mass of rock work with a shrubbery for the background. To those who know the little fellow the picture will be of much interest, because it shows him as real as in actual life. The portrait was painted by C. Jensen & Co., Jacob St., Halifax, who have spared no pains to give a faithful picture. The work was all the more difficult on account of being made from two different photographs. One was used for the features and the other for the remaining details. Messrs. Jensen have done justice to the subject, and the satisfaction expressed by Mr. and Mrs. Anderson fully sustains their former reputation.

Exhibitors must make a statutory declaration (if required of them) that the cheese shown was made in the factory named, within the dates mentioned in the Premium List. Any exhibitor misrepresenting as to dates or otherwise, will forfeit any prize that may be awarded.

All cheese and butter exhibited must be salted with some improved dairy salt, and with a view of securing a uniform salting of the butter upon exhibition, it is recommended that seven-eights of an ounce of salt be used to each pound of butter.

The cheese and butter exhibited at former Exhibitions always sold on the spot at good prices. If the article is good not a pound need be taken home again.

There will be an ample supply of ice, and every arrangement made to ensure an effective display.

**Class 56.—Fruits.**

All Fruits should be carefully handled, and so packed as to prevent any chafing or rubbing to destroy the natural bloom. A dish or plate of Apples, Pears, Quinces, or Peaches must contain Five Specimens. A dish of Crab Apples, Plums, or Nuts, 24 Specimens. Grapes, 3 Bunches. Cranberries, 1 Quart. Summer Fruits, that will be past season, may be shown in bottles of clear white glass, in preserving liquids, or may be kept in cold storage until exhibited. See page —for recipe for fruit preserving liquid.

All fruit must be exhibited in the name of the grower. Any known violation of this rule will cause the forfeiture of all prizes awarded the party infringing it.

In collections, the names of varieties should be either typewritten, or with pen in large bold letters, on cards. Indistinct pen or pencil writing will not be received.

COUNTY COLLECTIONS.

A General Collection of Fruits is requested from each County. These may consist of Apples, Pears, Pums, Cherries, Grapes, Nuts, Small Fruits, and Berries of all kinds,—one plate or bottle of each variety, named and labelled. The fruit must be grown in the County ; but may be the produce of several orchards or gardens ; care being taken to credit the several growers by writing name and address on the label.

The judges are instructed to note the care and taste displayed in the arrangement of all collections, as well as the excellence of the fruit.

In order to induce all the Counties to exhibit, and to create some competition on equal terms, it has been deemed advisable to group the Counties into districts, each district to compete by itself. These districts are as follows :—

## BATEMAN & SHEPEARD'S BILLIARD MARKER.

THE BEST IN THE WORLD. So says the Napoleon of Billiards; the World's Great Champion, FRANK C. IVES.

IVES' IMPERIAL BILLIARD HALL,

CHICAGO, November 6th, 1888.

MURRS. BATEMAN & SHEPARD,

Proprietors of the "Bateman & Sheppard Billiard Marker and Counter," Halifax, N. S. Canada:

GENTLEMEN.—Having thoroughly examined the mechanism, material and marking of your Billiard Marker, above mentioned, and tested its accuracy, I have much pleasure in certifying to its merits. It is ingeniously constructed, of excellent workmanship and material, accurate and durable, and far superior to any other Billiard Marker in use. It is convenient and easy to use, always ready, does its work quickly and perfectly, and is a very pretty ornament to a billiard table. In my opinion no table is complete without it. You are at liberty to publish this letter if you wish to do so.

Yours very truly,

FRANK C. IVES, Champion of the World.

The Billiard Markers are for sale at B. SHEPARD'S, 117 Ellis Street.

**Recipe for Liquid to Preserve Fruits for Exhibition Purposes.**

One per cent. of Boric Acid in pure or filtered rain water, or in other words one pound of Boric Acid to one hundred pounds of water. Pick the fruit as soon as mature and put it in bottles, with as little handling as possible, and without pressure or crowding, then fill with the liquid and cork or seal perfectly air tight. Heavy fruits that sink in water, as plums, will be benefited by the addition of from three to five per cent. of glycerine to make the liquid more dense and to partly float the fruit. Strawberries may be kept in water-white kerosene oil, for three or four months, quite successfully. Keep in a dark, cool place.

**Class 57.—Special Prize.**

(OFFERED BY THE NOVA SCOTIA FRUIT GROWERS' ASSOCIATION.)

SEC. 1.—Best Barrel each of Gravensteins and Kings delivered at the Exhibition Building, Halifax, before noon on Monday, Sept. 24th, to be there judged. Said prize fruit to be the property of the N. S. F. G. Association to be exhibited. Each barrel. \$5.00

NOTE.—Apples must be wrapped in paper with a thin layer of excelsior between each layer of apples to prevent bruising.

### AGRICULTURAL IMPLEMENTS.

#### COMMITTEE.

Agricultural implements exhibited should be labelled with the name of exhibitor, name of machine, and the retail price, and should be the same in construction as those sold the farmer; not specimens got up for exhibition.

The Implement Building is fitted with shafting, so that exhibitors can show their machines in operation. Shaft turned to 2 7-16 inch gauge, speed per minute will be furnished when exhibitors make entries.

Exhibitors of engines driving shafting will be furnished with fuel free of charge.

In the Implement Department, at the request of manufacturers, no prizes will be awarded. Articles in this department will therefore be received for exhibition only, not in competition. They must, however, be entered with Secretary in the same manner as other articles.

The Commission will supply all flooring in the Main Building and Machinery Hall that may be required by exhibitors.

Those to whom this book may be sent are respectfully requested, when they have finished with it, to hand it to some neighbour who will be likely to make an exhibit.

Manufacturers cannot find a better, cheaper or readier means of introducing their wares to the public, or of keeping them before their patrons, than by making a display at the Nova Scotia Provincial Exhibition. Judging from the attendance at former Exhibitions, it is calculated that not less than 100,000 people will attend the Fair.
